

# CHANDU J. BHORANIYA, PE

SENIOR VICE PRESIDENT, DIRECTOR OF STRUCTURES

Mr. Bhoraniya is Senior Vice President / Director of Structures for Medina Consultants. He has over 23 years of experience, primarily in the transportation field. After graduating from Sadar Patel University in India in 1983, Mr. Bhoraniya migrated to the USA for further studies. He completed his post graduate studies at NJIT, graduating with a Masters in Structural Engineering in 1988. Prior to joining Medina, Mr. Bhoraniya began his career in bridge design with a prominent firm in New Jersey. His base experience in bridge engineering includes highway and railroad bridges. He worked on many significant bridges in New York and New Jersey. Prior to Medina, Mr. Bhoraniya worked in the government section with NJ Transit and held a managerial position with the infrastructure group.

Mr. Bhoraniya established Medina's Structures Department in 1998. Today, he is in charge of structural and geotechnical engineering companywide. He is also responsible of business development in the New Jersey and New York metropolitan area. Mr. Bhoraniya is an outstanding manager and has gained tremendous experience on a variety of projects. His experience includes highway transportation, railroad projects, educational and commercial facilities and multi-story mixed use buildings. Mr. Bhoraniya has been a member of ASCE, ACI, and AREMA at various levels. He served as a chair person for the North Jersey Branch Structures committee. He has been a member of AREMA Committee 8 and 9 for the past ten years. Academically, Mr. Bhoraniya is still involved with his alma mater and teaches a bridge design course at NJIT.

As a 22 year resident of Morris County, Mr. Bhoraniya has been very involved with his community. He is a member of the open space committee for the township helping to preserve open spaces in Morris County. He served as a coach for local basketball teams for seven years and also served as assistant coach for the football team.
