

JAMES F. STEERE III, PLS, PP

EXECUTIVE VICE PRESIDENT

James F. Steere III, PLS, PP is Executive Vice President of Medina Consultants and is responsible for business development, strategic planning, company-wide operations and resource management. He has over 25 years experience in land surveying, mapping and right-of-way. Mr. Steere holds a BA in Business and Economics from the State University of New York - Oneonta and has also taken numerous professional level education courses.

Mr Steere also holds professional registrations in the States of New Jersey, New York and Pennsylvania, and Connecticut.

Mr. Steere joined Medina in 1993 as Robert Medina's business partner. Since that time, Medina has grown to a 140 person firm providing a comprehensive range of consulting engineering and land surveying services. Clients include NJ Department of Transportation, NY State Department of Transportation, NJ Schools Construction Corp., NJ Turnpike Authority, NJ Transit, Metropolitan Transit Authority, Long Island Railroad, NYC Transit Authority, MetroNorth, Port Authority of NY/NJ, multiple NJ counties, major contractors, major engineering firms and private developers.

Mr. Steere has served as Principal-in-Charge and QA/QC Manager on several of the most significant transportation projects in the nation, including East Side Access, Second Avenue Subway, No. 7 Line Subway Extension, The Hudson Bergen Light Rail Transit System and the Trans-Hudson Express Tunnel. Mr. Steere, along with Robert Medina, was named Entrepreneur of the Year by NJ Transit Corporation in 2001.

Mr. Steere's prior experience includes direct project management, highway/route surveys, transit/rail/tunnel surveys, primary/secondary/aerial control networks and baselines, 3-D laser technology, boundary and topographic surveys, existing and proposed right-of-way plan preparation, acquisition and easement plans, major/minor subdivisions, aerial mapping, construction layout, structural, wetlands and environmental surveys. Mr. Steere has also provided expert testimony in court proceedings.

Mr. Steere has been an instructor at a County College level and in addition has taught an approved continuing education course (High Definition Survey - HDS). Mr. Steere has made numerous presentations showcasing integrated surveying technologies and applications.
